Register **online** at www.fmes.org/campfmes.

CAMP DESCRIPTIONS:

ALL ABOUT THE WEATHER

Discover everything about weather, how and where it is created, and how it effects us here and all over the world.

ALL-IN-ONE MUSIC

Discover all different ways to make music, as well as have fun dancing, singing, and moving!

BASKETBALL

Improve basketball skills through drills, strategies, fun, and teamwork. Come play with your friends for a week full of fun!

BECOME AN AUTHOR

Turn fiction or non-fiction writing into a published book, while learning about traditional and digital publishing.

BUILD-O-BOT ROBOTICS

Each student makes and learns how to drive their own remote controlled 4-wheel drive robot!

CARD GAMES & MATH

Campers will learn fun and exciting card games that will strengthen arithmetic skills in solving problems.

CHESS CHAMPS

Lessons, games, tournaments, chess trivia. Improve chess skills no matter what level the child is at.

CHILDREN'S HOUSE

Half-day Montessori curriculum and environment, including outdoor extensions and nature lessons. (See restrictions listed online.)

CHILDREN'S HOUSE SPANISH IMMERSION

Experience a fully bilingual Children's House Montessori classroom in Spanish and English. Enjoy singing, cooking, and learning about other cultures.

CIRCUS, CIRCUS INTENSIVE

A mini-week (three days) of tumbling, stiltting, partner acrobatics, juggling, and other circus skills.

COOK AROUND THE WORLD

Discover a tasty way to experience world cultures. We will explore a different country and cuisine every day.

CREATIVE, MUSIC & ART

Do your kids have an uncontrollable urge to wiggle, giggle, and sing at the top of their lungs when their favorite tunes come on? If yes, sign up for this camp!

DO-IT-ALL ARTS CAMP

Check it out: photography, set design, martial arts, acting, song writing, choreography, guitar, sculpting, hip hop, choir, yoga, improvisation, drawing....and more!

DISCOVER FARMS & GARDENS

Daily field trips to Portland's bounty of great farms and gardens. Visit a couple berry farms, see how people grow food in the city, and learn about a plant nursery.

DISCOVER SERVICE & HELPING OTHERS

Make a difference in our local community for a week. Learn and participate in community service that is meaningful.

EXPLORING MUSICAL INSTRUMENTS

Explore and receive instruction on a variety of instruments: Piano, Violin, Guitar, Drums, and Wind Instruments! Campers will walk away from this 3-day program with a foundation in music.

FARM & ANIMAL CAMP

Campers travel to Bridal Veil each day to assist the Sisters in caring for their chickens and goats. In addition, campers will visit an emu farm, play games and more.

FITNESS, FOOD & FUN

A fun way to discover whole health through gardening and cooking, art, cross training, and team building activities!

FIVE COOL THINGS PORTLAND

Portland is a world city, with a world of fun things to learn and explore. Sample doughnuts, splash in a fountain, stand in the smallest park—each day is different.

FRISBEE GOLF

Take a three-day tour of some of the coolest frisbee golf courses. Find out how to play this great sport and visit local parks as well. All ability levels welcome.

GARDENING & NATURE STUDIES

There's so much going on in a summer garden. We'll be digging deep to study the mysteries of the soil while watching crops grow before our eyes.

GEOMETRY & MATH ARTS

Come explore the artful side of mathematics! In Visual Mathematics, campers will learn how to make original artwork using symmetry and being inspired by M.C. Escher and by Native Americans.

GORGE EXPLORER

Together we will venture to the Columbia Gorge to explore water fountains, lakes, rivers and more. We will also do some fishing along the way!

LEADERSHIP & TEAM BUILDING

Campers will expand their creative problem-solving skills, develop leadership and communication skills, and create and participate in team-building games and art.

LIL' YOGI YOGA

Calling all Children's House yogis for summer fun on the mat! Join us as we explore postures and invent new poses, move to music, and cooperative yoga.

MAKER SPACE

A maker-space camp for the young inventor, scientist, artist, designer. Individual and group design work. Explore the process of all different ways to turn ideas into products using a variety of processes.

MAKER SPACE & 3D PRINTING

Maker-space camp is for the young inventor, scientist, artist, or designer. Individual and group design work, including printing your 3D design on a 3D printer.

MASTER CHEF COOK-OFF

Campers will get to design recipes, taste their creations, and learn how to bring creativity, math, and science into the kitchen. Live cook-off competition to boot!

MATH MAGIC

Effortless math-skills reinforcement through fun, games, and challenges. By the end of the week, we will have math-magicians!

MONTESSORI ASPECT - CHILDCARE

Montessori environment for childcare for all ages available starting at 7am, during the lunch hour, and until 6pm.

NINJA WAY

Discover the way of the ninja indoors and outdoors through play, art, fun activities, and even rest. Design your own ninja training courses for others to explore.

PHYSICS & CHEMISTRY

Kids are naturally curious about the world around them. Hands-on experiments: phases of matter, kitchen chemistry, mechanics, electricity, optics, and more.

ROCKETS & PAPER AIRPLANES

Study of aerodynamics will challenge campers to experiment with numerous paper airplane models, and build and launch model rockets.

YOGA ROCKS!

Calling all Lower El yogis ... explore our favorite poses, pair up with friends to form partner and group poses, practice breathing, and mindfulness strategies.
